Republican Rally,

Lloyd's Opera House,

Saturday Ev'ng, Nov. 2d.

Fred Collins,

of Lincoln, and other orators will address the audience.

EVERYBODY ATTEND!

MINOR MENTION.

—Will Briggs was expected down from Denver this morning, but he did not learn whether he arrived.

—Dr. Morrill has secured the Dr. Moller (of Berlin) method of painless extraction of teeth. This method is absolutely harmless.

—J. H. Black & Son, the Kearney celery growers, shipped six carloads of celery to Kansas City this week. Here is an industry that our farmers on the ditch should investigate.

—The engine pulling the fast mail broke down on the Fourth district this morning and came in an hour and a half late. The Denver cars, which form part of that train, were run through as a special.

—The populists held a meeting at Hershey Wednesday evening which was attended by an audience numbering just twenty-five, three of whom were populists. J. Gasbag Beeler made the principal talk.

—The populists have been making polls of the city vote for a week or two past, and have finally placed the republican plurality at 185. They claim that they will come into the city with a plurality of 200, thus electing their ticket by fifteen. This is a poor guess.

—D. C. Congdon says he was more or less injured the other day by stepping in a hole in the sidewalk along the property of Councilman Thomson. De Witt will probably appear before the next meeting of the council and make complaint.

—Dr. Morrill has on hand \$300.00 worth of artificial teeth.

—All employees of the Union Pacific, so it is said, will be given free transportation to Denver and return if they so desire. This is quite a liberal offer on the part of the company. This transportation is furnished so that the afflicted may be able to have their wrongs righted by the divine healer.

—The republican rally at the opera house on Saturday evening, Nov. 2d, will be the meeting of the campaign. Fred Collins, of Lincoln, who will be the principal speaker of the evening, is one of the most gifted orators in the state, and will make a speech worth going many miles to hear. He will be accompanied by one or two other speakers from Lincoln. Country residents should make it a point to be present at this meeting.

—The Northwestern road received this week four new engines of the "999" style, which will run on the fast mail trains between Council Bluffs and Boone, Iowa. On a trial trip Wednesday one of these locomotives covered twelve miles in nine minutes with a train of eight cars. The drivers measure six feet four inches, with 19x24 cylinders. It is claimed the engines will be able to make eighty miles per hour without difficulty.

—It is said that the Hamilton Cadets of Lexington, a military company composed of young ladies, will attend the annual ball to be given by the Cody Guard next month. The Cadets were at the reunion at Hastings and created a favorable impression by reason of their soldierly appearance and excellent drills. If they come to this city they should be engaged to give a drill prior to the grand march at the ball. It would prove a drawing card.

M. K. Barnum went to Cheyenne last night.

—Julius Essig, of Brady, transacted business in town yesterday.

—Contractor Picard is making some improvements to the Smith house on Spruce street.

—Several North Platte attorneys attended the session of district court at Ogalalla this week.

—J. A. Goodman shipped in a car load of stock hogs from Keith county the early part of the week.

Wm. Rector has been put in the tin shop again at his old place and a new man, a brother to Leo Hart, got the vacancy in the laborers' gang.

—M. A. Daugherty is authority for the statement that the supreme court will hand down its opinion on the constitutionality of the Akers' irrigation law on Nov. 6th.

—Teeth extracted without pain to the patient at Dr. Morrill's.

—John Hinman has secured a thirty day leave of absence and will devote the time to superintending the construction of the big head-gate for the South side ditch company.

—The ladies of the Lutheran church served a chicken and waffle supper in the Ottenstein building last evening. The attendance was large and the supper all that could be desired.

—A petition is being circulated asking the postoffice department to establish a postoffice at A. M. Stoddard's, six miles west of town, and that Mr. Stoddard be appointed postmaster.

—A card from Dr. J. W. Hingston, of Cheyenne, conveys the intelligence that he will not be able to reach this city to-morrow, as formerly announced. The time of his visit here will be announced later.

—A petition was filed in the county clerk's office yesterday nominating S. D. Hanna, of Ogalalla, as the populist candidate for state senator to fill the vacancy caused by the resignation of W. R. Akers.

Mr. and Mrs. John Worthley and two children of Grand Junction, Col., arrived in town Tuesday night and are visiting Mr. W's parents northeast of town. Mr. W. is gang boss in the railroad shops at Grand Junction.

—Charley Ell and Geo. Austin returned last night from Denver, where they took a look at Schlatter, the healer. These gentlemen say there are a number of people in Denver who have been benefitted by the touch of this man.

—Secretary Hollingsworth of the Y. M. C. A. is considering a proposition from an eastern lecture bureau to have General O. O. Howard deliver a lecture in this city. The terms are \$125, the General to pay his traveling and hotel expenses.

—Prices to suit the times at Dr. Morrill's.

—The hobo who shot brakeman Giltoyle Tuesday morning was arrested at Brady Island the same evening and brought to the jail in this city. The prisoner rode in a farmer's wagon from Hershey to this place and then secreted himself on a cattle train.

—The public are cordially invited to attend the first debate of the Current Topic club at the Y. M. C. A. rooms Monday evening. The question is "Should the United States recognize the Cuban Insurgents as belligerents." The club wishes to assure the public a good live debate on the greatest question before the people.

—Geo. R. Hammond came in from Grand Junction, Colo., this morning and will move his personal effects to that place. He is more than pleased with that country, and while he has not as yet made any investments, he has several on the string. George is looking better than he has for several years, evidence that the climate agrees with him.

—Leo Hart, assistant chief of the North Platte fire department, has been presented with a very handsome fireman's lantern by Chief Sweeney, of the Chicago fire department. We understand that Mr. Hart and Mr. Sweeney are old-time friends, both having served in the same fire company years ago. Mr. Hart is very proud of his gift, and will take great pride in showing it to admiring friends on the night of the firemen's ball.

—Dusty VanDoran, Albert Davis and another young boy started out yesterday to "see the world" without their parents' consent. The boys secreted themselves on one of east bound passenger trains yesterday morning and are supposed to be in Omaha. They will probably tire of their jaunt in a day or two and return home, if not brought back sooner by the parents.

Dr. A. P. Sawyer:—Dear Sir: I have been suffering with sick headache for a long time. I used your Family Cure and now am entirely relieved. I would not do without your medicine. Mrs. G. A. Miller. Sold by F. H. Longley.

—Quite a social party was tendered Miss Minnie Beck before her departure for Denver Friday evening at the residence of Mrs. E. Gerkin.

—There are at least forty North Platte people in Denver this week, the pilgrimage there being in the interest of their physical ills which they hope may be cured or alleviated by the divine healer.

—Several big piles of loose hay in close proximity to buildings are noticeable around town, which, we believe, is contrary to a city ordinance. This hay offers some inducements to the small boys who handle matches with a dangerous recklessness.

—If all citizens felt as kindly toward the fire department as Harry Fikes, the fire laddies would conclude that their efforts are appreciated. Mr. Fikes gladly gave up the price of five dance tickets for one. Other citizens could follow his example with credit.

—The North Platte Cemetery Association has elected George E. French as its secretary. It is said that next season the association will construct irrigation ditches through the cemetery, plant trees and otherwise improve the surroundings. Candor compels us all to admit that improvements are needed.

—A resident of this city is figuring on putting in forty acres of sugar beets on irrigated land near town next season if he can make a contract with the Grand Island factory. This gentleman is anxious to experiment with the beets on irrigated land and thinks he can demonstrate that this section is the proper place at which to build a sugar factory.

—A report comes from Ogalalla to the effect that the hunting party which left here two weeks ago became lost in the sandhills and traveled some fifty miles out of their way. The report says they wandered through the hills for four days and during that time one of their horses died. The report is given for what it is worth, but it comes pretty straight. The horse which died was replaced by one obtained at Matt Daugherty's ranch.

—It is contrary to municipal law for boys to carry and use sling shots, and unless they desist in this practice arrests are sure to follow. Wednesday evening Councilman Fikes was sitting in his house when a stone from one of these slings came crashing through the window and passing through the curtain struck a door on the opposite side of the room. M. H. Douglas and Mrs. Mathews also report that they have had windows broken with these "nigger shooters."

—Major Walker received a letter a day or two ago from his son Lester, who is located at Savannah, Ga., in which he states that Colonel Cody received a royal welcome in that city. "Nearly all the business houses closed on the afternoon of the show; even the celebration of General Lee's birthday did not cause such a universal cessation of business. Lester met Col. Cody, rode with him to his car and took dinner with him. The Colonel told Lester he was making lots of money this season and intended investing it all in Lincoln county."

—Observer Piercy furnishes THE TRIBUNE with the following data concerning the month of November, compiled from his records for a period of twenty-one years: The mean or normal temperature for November is 36 degrees; the warmest November being in 1878, and the coldest in 1880. The coldest day during any November was on the 27th of that month in 1887 when the mercury dropped to twenty-five degrees below zero. The average precipitation for the month is one-third of an inch. The prevailing direction of the wind is from the northwest.

Dr. Sawyer: Dear Sir: Having used your Pastilles, I can recommend them to the public. I have been attended by four different doctors, but one and a half boxes of your medicine has done me more good than all of them. Yours respectfully, Mrs. Maggie Johnson, Bronson, Branch County, Mich. Sold by F. H. Longley.

—Wm. Hoey and his company presented "The Globe Trotter" to a large audience at Lloyd's Tuesday evening in a manner that convulsed everybody with laughter. There is no discount on Hoey as a comedian, and his support is excellent.

—W. J. Roche and family, Jas. Shay and family, Mr. and Mrs. Jos. Murphy, Mrs. Dugan, Mrs. John Grime and Chas. Pass went to Denver Wednesday morning for the purpose of looking upon Schlatter, the healer. Here's hoping that they may all return cured of their infirmities.

—A bold and daring attempt was made Monday to clean out the Banner county bank of Harrisburg. A masked robber entered the bank at about four and demanded the funds of Mr. Carlisle, the cashier. The robber had some difficulty in drawing his revolver from his belt and Mr. Carlisle ran out, the side door, through his residence and to the street. Thinking the robber had a horse he went behind the house and finding the horse there rode about giving the alarm. The citizens gathered with guns and as the robber came out opened fire, and after an exchange of two dozen shots the robber, while running, was wounded in the leg by a rifle ball and surrendered. It was found that in his haste he had overlooked most of the bank's funds, only taking small change amounting to \$167. The prisoner's name is Graham and he says he is from Scotts Bluff county.—Ogalalla News.
